

Linguistics

Sample Curriculum Master Mono 120 / Focus Area without Specified Focus

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Module Group	Module Title	Module Type	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Languages and Structures	Categories of Linguistic Analysis	core-elective	6	30
	English Linguistics	2-semester module of free choice [e.g. research seminar Linguistics [1]: Analysing English: Language and the Mind (Part 1)]	elective	6 of 9	
		Module(s) of free choice	core-elective/elective	6	
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
		Module(s) of free choice	core-elective/elective	6	
3 Mobility window	Languages and Structures	Russian Level 1	core-elective	6	30
	English Linguistics	2-semester module of free choice [e.g. research seminar Linguistics [1]: Analysing English: Language and the Mind (Part 2)]	elective	3 of 9	
		Language, Interaction, Society: Focus on Sociolinguistics	2-semester module of free choice [e.g. research seminar Linguistics [4]: Analysing English Variation and Change, (Part 1)]	elective	
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
	MA Thesis (Part 1)	core	9 of 30		
4	Language, Interaction, Society: Focus on Sociolinguistics	2-semester module of free choice [e.g. research seminar Linguistics [4]: Analysing English: Variation and Change, (Part 2)]	elective	3 of 9	30
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
		MA Thesis (Part 2)	core	21 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area Romance Linguistics

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Module Group	Module Title	Module Type	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Languages and Structures	Categories of Linguistic Analysis	core-elective	6	30
		Language Course of free choice, e.g. «Llengua Catalana (A2-B1)» and «Română 2»	core-elective	9	
	Romance Linguistics	Changement / Variation linguistique	core-elective	9	
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
3 Mobility window	Romance Linguistics	Linguistique historique galloromane	core-elective	9	30
		Dossier de Linguística Iberorromânica	core-elective	3	
	All module groups within the program	Module of free choice	core-elective/elective	3	
		Module(s) of free choice	core-elective/elective	6	
4	Romance Linguistics	MA Thesis (Part 1)	core	9 of 30	30
	All module groups within the program	Kritische Argumentation zu aktuellen Themen	core-elective	6	
		Module of free choice	core-elective/elective	3	
		MA Thesis (Part 2)	core	21 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area Slavic Linguistics

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Module Group	Module Title	Module Type	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Languages and Structures	Categories of Linguistic Analysis	core-elective	6	30
	Slavic Linguistics	Linguistic Description of Slavonic Languages	core-elective	6	
		Research and Empirical Approaches	core-elective	6	
	All module groups within the program	Module of free choice	core-elective/elective	3	
		Module(s) of free choice	core-elective/elective	9	
3 Mobility window	Languages and Structures	Language course(s) of free choice	core-elective	6	30
	Slavic Linguistics	Dimensionen von Variation in den slavischen Sprachen	core-elective	9	
		Scientific Discourse in Slavonic Linguistics	core-elective	6	
		Colloquium on MA Thesis	core-elective	3	
	4	All module groups within the program	MA Thesis (Part 1)	core	
Module(s) of free choice			core-elective/elective	6	
MA Thesis (Part 2)			core	24 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area English Linguistics

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Module Group	Module Title	Module Type	ECTS Credits	Credits / Sem.	
1	Methodology	Language Data Processing	core	15	30	
		Language Data Acquisition	core	9		
		Quantitative Methods	core	6		
2	English Linguistics	2-semester module of free choice [e.g. research seminar Linguistics [1]: Analysing English: Language and the Mind (Part1)]	elective	6 of 9	30	
		2-semester module of free choice [e.g. reseach seminar Linguistics [2:]: Analysing English: Language Use (Part 1)]	elective	6 of 9		
		2-semester module of free choice [e.g. research seminar Linguistics [3]: Analysing English: Structure (Part 1)]	elective	6 of 9		
		Module of free choice, e.g. Language Skills for Teachers	core-elective/elective	3		
		Module of free choice [e.g. Key Concepts in English Linguistics]	elective	3		
	All module groups within the program	Module(s) of free choice	core-elective/elective	6		
3 Mobility window	English Linguistics	2-semester module of free choice [e.g. research seminar Linguistics [1]: Analysing English: Language and the Mind (Part 2)]	elective	3 of 9	30	
		2-semester module of free choice [e.g. research seminar Linguistics [2:]: Analysing English: Language Use (Part 2)]	elective	3 of 9		
		2-semester module of free choice [e.g. research seminar Linguistics [3]: Analysing English: Structure (Part 2)]	elective	3 of 9		
		Language, Interaction, Society: Focus on Sociolinguistics	2-semester module of free choice [e.g. research seminar Linguistics [4]: Analysing English: Variation and Change, (Part 1)]	elective		6 of 9
		All module groups within the program	Module(s) of free choice	core-elective/elective		6
	MA Thesis (Part 1)		core	9 of 30		

4	Language, Interaction, Society: Focus Sociolinguistics	2-semester module of free choice [e.g. research seminar Linguistics [4]: Analysing English: Variation and Change, (Part 2)]	elective	3 of 9	30
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
		MA Thesis (Part 2)	core	21 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area Indo-European Studies

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Module Group	Module Title	Module Type	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Comparative Methods of Historical Linguistics	Assessed Work	core-elective	9	30
	Indo-European Studies	Module of free choice [e.g. Structural course]	elective	6	
		Module of free choice [e.g. Philological Practice]	elective	6	
		Module of free choice [e.g. Project in Philological Practice]	elective	3	
	All module groups within the program	Module(s) of free choice	elective	6	
3 Mobility window	Comparative Methods of Historical Linguistics	Qualitative Reconstruction	core-elective	9	30
	Indo-European Studies	Module(s) of free choice, e.g. Sanskrit Language Course I	core-elective/elective	9	
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
		MA Thesis (Part 1)	core	6 of 30	
4	All module groups within the program	Module(s) of free choice	core-elective/elective	6	30
		MA Thesis (Part 2)	core	24 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area Digital Linguistics

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Module Group	Module Title	Module Type	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Digital Linguistics	Text Mining	core-elective	6	30
		Erstellung und Annotation von linguistischen Ressourcen	core-elective	6	
		Sprachtechnologie als Beitrag zur Barrierefreiheit	core-elective	6	
		Text Analytics in the Digital Humanities	core-elective	6	
		Scientific Immersion in Digital Linguistics	Intermediate Methods and Programming in Digital Linguistics	core-elective	
3 Mobility window	Digital Linguistics	Grammatikformalismen und Parsing	core-elective	6	30
	Scientific Immersion in Digital Linguistics	Module of free choice, e.g. seminar	elective	6	
	All module groups within the program	Module(s) of free choice	core-elective/elective	12	
4	All module groups within the program	MA Thesis (Part 1)	core	6 of 30	30
		MA Thesis (Part 2)	core-elective/elective	6	
				24 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area Descriptive Linguistics

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Modul Group	Module Title	Modultyp	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Languages and Structures	Categories of Linguistic Analysis	core-elective	6	30
	Descriptive Linguistics	Field Methods: Elicitation Techniques	core-elective	6	
		Grammar Writing	core-elective	6	
		Structures in Language Families and Areas	core-elective	6	
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
3 Mobility window	Languages and Structures	Language course(s) of free choice	core-elective/elective	6	30
	Descriptive Linguistics	Linguistic Analysis and Annotation: Practical Application	core-elective	6	
		Typologies of Linguistic Structures	core-elective	6	
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
4	All module groups within the program	MA Thesis (Part 1)	core	6 of 30	30
		Module(s) of free choice	core-elective/elective	6	
		MA Thesis (Part 2)	core	24 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area Psycholinguistics

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Modul Group	Modul Title	Module Type	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Psycholinguistics	Mechanisms in Child Language Development	core-elective	6	30
		Language Processing	core-elective	6	
		Language and Cognition	core-elective	6	
		Module of free choice [e.g. Project in Psycholinguistics]	core-elective/elective	6	
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
3 Mobility window	Psycholinguistics	Written Paper in Psycholinguistics	core-elective	6	30
		Variation in Child Language Development	core-elective	6	
		Practical Exercises in Psycholinguistics	core-elective	6	
		All module groups within the program	Module(s) of free choice	core-elective/elective	
	All module groups within the program	MA Thesis (Part 1)	core	6 of 30	
4	All module groups within the program	Module(s) of free choice	core-elective/elective	6	30
		MA Thesis (Part 2)	core	24 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area Phonetics

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Module Group	Module Title	Module Type	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Phonetics	Fundamentals of Speech Sciences and Signal Processing	core-elective	6	30
		The Sounds of the World's Languages	core-elective	6	
		Instrumental Techniques of Phonetic Research	core-elective	6	
		Experiments with Speech	core-elective	6	
		Phonetic Variation	core-elective	6	
3*	Phonetics	Speech Perception	core-elective	6	30
		Phonetic Transcription	core-elective	6	
	All module groups within the program	Module(s) of free choice	core-elective	12	
4	All module groups within the program	MA Thesis (Part 1)	core	6 of 30	30
		Module(s) of free choice	core-elective/elective	6	
		MA Thesis (Part 2)	core	24 of 30	

Linguistics

Sample Curriculum Master Mono 120 / Focus Area Language – Interaction – Society (LIS)

The sample curriculum serves to plan the course of study. It shows one of several options for the course of study beginning in the autumn semester.

Semester	Module Group	Modul Title	Modul Type	ECTS Credits	Credits / Sem.
1	Methodology	Language Data Processing	core	15	30
		Language Data Acquisition	core	9	
		Quantitative Methods	core	6	
2	Language, Interaction, Society	Theories and Methods (Part 1)	core-elective	6 of 9	30
		Present-day Language (Part 1)	core-elective	6 of 9	
		Module(s) of free choice	elective	6	
		Kontakt und Interferenz mit dem Niederländischen (Part 1)	core-elective	6 of 9	
	All module groups within the program	Module(s) of free choice	core-elective/elective	6	
3 Mobility window	Language, Interaction, Society	Theories and Methods (Part 2)	core-elective	3 of 9	30
		Present-day Language (Part 2)	core-elective	3 of 9	
		Kontakt und Interferenz mit dem Niederländischen (Part 2)	core-elective	3 of 9	
	Language, Interaction, Society: Focus on Sociolinguistics	2-semester module of free choice [e.g. research seminar Linguistics [4]: Analysing English Variation and Change, (Part 1)]	elective	6 of 9	
	All module groups within the program	Module(s) of free choice	core-elective/elective	9	
		MA Thesis (Part 1)	core	6 of 30	
4	Language, Interaction, Society: Focus on Sociolinguistics	2-semester module of free choice [e.g. research seminar Linguistics [4]: Analysing English: Variation and Change (Part 2)]	elective	3 of 9	30
	All module groups within the program	Module of free choice	core-elective/elective	3	
		MA Thesis (Part 2)	core	24 of 30
